

WELCOME TO INFORMATION SYSTEMS SECURITY

Le Thi Bao Thu

Faculty of Computer Science & Engineering

HCMC University of Technology

thule@hcmut.edu.vn

Course information

- ❑ Course code: **CO3033**
- ❑ Credits: **3**
- ❑ Course site: Bkel
- ❑ Lecturer:
 - Le Thi Bao Thu. Email: thule@hcmut.edu.vn

Course Outline

Week	Lectures
1	Information systems security: basic concepts
2, 3	Basic cryptography & key exchange protocols
4	Identification & Authentication
5, 6	Discretionary Access Controls
7, 8	Mandatory Access Controls
9	Auditing & Accountability
10, 11	Presentations
12	Revision

Assessments

- ❑ **No** midterm exam
- ❑ Assignment (Lab): **30%**
- ❑ Presentation: **20%**
- ❑ Final exam: **50%**
 - Open test
 - **Multiple-choice & Essay**

Presentation

- ❑ Group of 4-5 students
- ❑ Presentation topics:

Papers	Future trends
1. Location privacy	1. Deepfake
2. Biometric template security	2. Supply chain security
3. Multi-model biometric	3. Automation security
4. Digital watermarking	4. IOT security
